

ON THE ROAD CREATOR TEAM

LET'S GO ON THE ROAD

In 1988, Buckmasters changed the outdoor industry by airing the first-ever deer hunting show on cable, sparking the longest-running hunting series in television history. Now, in 2024, we're making history again by building the largest network of rising outdoor creators. Just as today's biggest names had to start somewhere, Buckmasters and our partners will proudly stand beside the next generation from the very beginning.

- **Legacy of Innovation:** From launching the first hunting show in 1988 to today, Buckmasters continues leading the way in outdoor storytelling.
- **Future of the Outdoors:** We're uniting a dynamic community of new influencers — hunters, anglers, campers, cooks, and adventurers — who will shape the future of outdoor content.
- **“Go On the Road With Us”:** Our call to action invites audiences to join the journey and become part of the Buckmasters family.

BUILD A BRAND AND A COMMUNITY ON THE ROAD

Consumers no longer buy **products** - they buy **brands** - and they base that decision based on which **community** they belong to after purchase.

Your customers connect with your **brand**, not your **products**. So, let our "On the Road" team strengthen connections and loyalty to your brand through relatable content, engaging adventures and a community where they feel like they **belong**.

ADVERTISE ON THE ROAD

Utilize a diverse team of outdoor specialists in one place to the advantage of your brand.

We handle communication of brand needs, organization and delivery of high-quality content for easy access, and brand awareness through authentic advocacy.
